Looking for an immediate contract (or permanent) PHP/Zend Developer role in EU or Switzerland. You will find my CV at <http://www.groundin.com/project/timeline?Pid=155> .

Programming expertise:

PHP, MySQL, Smarty templates, JavaScript, C++, jQuery, JS Prototype, Zend Framework, Joomla, SVN: 5 years. I am fluent in HTML5, CSS3, also have worked with Drupal and Wordpress products.

I have worked intensively with E-learning system BFT Veritus (featuring multiple servers and architectures – PHP, .NET 4, C#, users may work via RDP - www.naujamokykla.lt), with multiple E-commerce systems (including <http://demo.storeexpress.co.uk>), with advanced Short term / Payday lending software solution Creditonline (www.creditonline.eu) and I have created Web 3.0 platform based projects management network www.groundin.com.
