

Electrical Engineer

📅 2024-11-20 📍 Nenurodyta

📄 Trumpas pristatymas

Electrical engineer with over 10 years of experience in the field of electrical infrastructure and instruments.

My

expertise lies in the installation and design of Electrical power transmission distribution (MV/LV), Street lighting System,

Standby power systems, ATS Panels, Fire Alarm Systems, and instrumentation.

I have a deep knowledge of industry standards, codes, and HSE regulations.
